TRICKSTER 225cm Template

Use this template & logo to assist yourself in making your DIY Kilaia Kiteboard You can modify the outline shape via an illustration software package should you wish to If you do not have access to a Vinyl-Cutting machine there is an additional Template Doc. called Marking Out the DIY KILAIA, showing how to trace the outline directly onto the blank

We hope that you enjoy shaping your Kilaia Kiteboard - please remember to give us your feedback on the site ;-) www.diykilaia.com Happy shaping and riding once your Kilaia is complete - all the very best from the DIY Kilaia team
